

Suggested Membership Contribution Information Temple Beth Zion, Buffalo, New York

As a Temple Beth Zion family we share many joyous occasions, educational and cultural opportunities, and, of course, celebrating Shabbat, Festivals and High Holy Days together. Sustaining our congregational home means that, as a community, each member makes a fair and equitable annual commitment, so that support is reasonably distributed among us all.

Everyone who wants to be a member *is* a member, regardless of financial circumstances. All contribution discussions are completely confidential.

As Torah instructs, we ask each to give *according to ability*. This means:

- To the extent they are able, we ask all households (of whatever size) where all adults are over the age of 35 to contribute at our "Sustaining" level, \$2,415 annually
- Young adult members and those who are members of other synagogues (dual members) are asked for contributions at reduced levels. Please see the chart below.
- For members unable to contribute at stated levels, we ask for a contribution equal to 1.5% of household gross income or a level that reasonably fits into their budget.
